40'FOOT COLD STORAGE PALLET PLANS

Whether you're a pharmaceutical company requiring crucial reliability from your cold storage, a food processing plant with warehousing bottlenecks, or a hotel or restaurant needing extra storage space for fresh and frozen food – our containers provide you with a secure space to store your goods that's affordable, easy to use and easy to move.

COLD STORAGE HAS NEVER BEEN EASIER.

When you need to expand, just add another container – and if your business moves premises, your refrigerated containers can be moved too.

Daily rental rate:

- VND 699,000.00 per unit.
- Excluding 10% VAT
- Monthly electricity consumption per unit between VND 4 mill and 6 mill depending on the time doors are opened and closed
